

YEAR 6 - Week Beginning 01.06.20

**Reading** - Read the next part of Holes and answer the questions.

**Grammar** - This week we're going to have a grammar focus. Use the Week 1 PowerPoint to learn about MAPSO, synonyms and using pronouns for cohesion. Then, try the pronouns for cohesion activity and mini test.

**Spelling** - Log on to Spelling Shed to find the spellings that have been assigned this week. Email [uks2@northbeckton.tlt.academy](mailto:uks2@northbeckton.tlt.academy) if you still don't have your login details.

**Maths** - This week, we're thinking about what we know about 3D shapes and recapping this knowledge. Then, you are going to apply this knowledge by using 3D shapes to create structures. See the attached PDF for more information.

**Animals Including Humans** : We're changing Science topic this week and starting to look at the circulatory system in humans. Read through the presentation and use the resources to either draw or define the different parts of the circulatory system.

**History**: This week, we're continuing our North America topic by exploring the Transatlantic Slave Trade. Use the PowerPoint to learn about the slave trade and some famous people involved. Then, read the comprehension sheets (choose \*, \*\* or \*\*\*) and answer the questions.

**Art**: This week we are starting our new art project about sculptures using recycled materials. Your task this week is to research any sculptors but to see if you can find any who use recycled materials. Can you create a slides presentation about them and their work?

**Time 4 Us**: Use the 'Daily Positive Affirmations' PowerPoint to learn about how positive thinking and affirmations can help us in our life.

**Additional Activities/suggestions:**

Use paper to design a theme park! See the example.
