

## FUN SALT DOUGH STARFISH

Salt dough is a very simple mixture of flour and salt that creates a type of modelling clay, that can be baked or air-dried and then saved. You can also use it for sensory exploration. NOTE: **you can not eat salt dough!**

### What you need

- 2 cups of flour
- 1 cup of salt
- 1 cup of water
- Baking pan
- A stick, pencil or your fingers

### What to do

1. Preheat the oven to 250 degrees.
2. In a large mixing bowl, combine the flour, water, and salt and mix well
3. Now make your starfish- roll the dough into a ball and break off 5 pieces.
4. Roll the pieces into 5 'logs'
5. Stick the logs together to make a star shape

NEXT PAGE

6. Use fingers, pencil etc to make little marks on the starfish, helping to hold it

7. Put on a metal tray and Bake for 2 hours in a hot oven OR leave outside to dry

Now you've got star fish!

you can paint salt dough with acrylic paints.
