

# Transition to Year 3 - Ancient Egyptian Tomb

Well done for all your hard work and commitment with the home learning in these challenging times! During the summer break, you will no longer be expected to complete the daily home learning tasks.

Instead, for Year 3, we are going to be working on a project on Ancient Egypt! This project is for you to work on over the summer, and take part in if you want to. Information about what to do is below. We look forward to seeing your projects when we are back in school after the summer holiday!

For your project, we want you to create an Ancient Egypt pharaoh's tomb! We want to see a mummy, a coffin, and lots of valuable items that they may have been included in an actual Ancient Egyptian tomb! Here are some examples:

**The Mummy** - You can use cotton wool, bandages or toilet paper to get the 'mummy' effect.

**Items** - Look online to see what items that would have been included. Use materials such as card or wood to replicate these.

**Coffin (sarcophagus)** - Create a coffin using materials such as card, and paint and design it like other pharaohs.
