

Forestry England

Leaf-tastic!

Different trees have different leaves
Learn more about some of them here!

If you're lucky enough to have a garden why not go hunting and see if you can find any of these leaves, or look next time you are at your local greenspace?

Holly

Waxy, prickly leaves with red berries

Silver birch

Small fluttery leaves with silver-white bark.

Sycamore

Grey, flaky bark, clusters of yellow flowers.

Pine

Scaly, orange-brown bark, long green needles

Oak

Lobed leaves, lumpy bark, catkins & acorns

Sweet chestnut

Long, narrow leaves with jagged edges

Ash

Several small leaves stems, clusters of keys.

Beech

Smooth grey bark, nuts in prickly cases.
