

**YEAR 3 - Week Beginning 8.6.20**

- Our spelling learning this week is looking at words ending with the /zhuh/ sound spelt 'sure'. Use the look, cover and write sheet to practise and then test yourself with the word search.
- This week for grammar we are focusing on fronted adverbials - use the worksheet to practise identifying the adverbial, then rewrite the sentence by moving the adverbial to the front.
- Describe a special place you have been to. Include expanded noun phrases to help you, using the 'powerful three adjectives' technique where you can, e.g. the wild, savage and blood-thirsty tiger.
- Use this video to recap expanded noun phrases:
- <https://www.bbc.co.uk/bitesize/topics/zwwp8mn/articles/z3nfw6f>
- Once you've finished your description, have a go at drawing it. Make sure it matches how you've described it!

- We are going to recap some of our basic maths skills. This week, we are looking at column subtraction.
- Go over how to do column subtraction and answer the questions on the worksheet.
- Don't forget to use you Times Tables Rockstars login to practice your Times Tables (3,4,6,8)

- This week we're still looking at animals and how they adapt to their environment.
- Design an animal for the jungle/desert based on climate/vegetation/location criteria.
- Include as much detail as possible, such as its fur, eyes, ears, teeth, claws/paws, diet, etc.
- Extra points for really creative animals!

**RE:** Who was Jesus? Jesus told stories, called parables, to teach people about God and how they should live their lives. Watch the following video on the parable of the Pharisee and the tax collector:

<https://www.youtube.com/watch?v=YWK2edNPPXE>

What is the meaning? What would Christians say is the meaning of this story?

**ART:** Take a look at Jackson Pollock's artwork. What do you notice about it? How do you think he did it? Using your own paints and paintbrushes, try your own Jackson Pollock-style artwork on a sheet or canvas (outdoors, please!)

**Topic:** Take a look at water cycles. Using the website to help you, create your own water cycle diagram or poster in your books. <https://www.youtube.com/watch?v=TWb4KIM2vts>  
<https://www.bbc.co.uk/bitesize/topics/zkkg87h/articles/z3wpp39>

**Computing:** Use your Purple Mash accounts to login and try drawing a picture of a water cycle on one of the paint apps.

**Additional Activities:**

**Mini water cycle:** Follow the instructions to try to create your own mini water cycle at home!

<https://www.science-sparks.com/make-a-mini-water-cycle/>

**Chess:** Use the free online chess apps to practice your moves and learn how to beat your friends when you return.
