

Religious Education

Main Activity

Design your own community

Elements of a community

Communities are made up of individuals, families, resources, services, and institutions.

What organizations/establishments are parts of your life?

E.g: school, recreation, sports teams, church etc.

Who is important in your life?

E.g family, friends, etc

What kinds of jobs do these people have?

E.g teacher, truck driver, waiter, etc

What kinds of things do your family, your friends, and you need to live?

E.G water, food, shelter, health, etc

How do you think all of the elements of a community should interact?

E.g: share things, work together, fight...

This week you will design your own community.

Please save it as we will need it for the next week too!

You can use experiences from your own life; you can think of new ways of doing things, or you can organize your ideal community.

- ▶ Think about where you live and draw a map of your community, starting with your house.
- ▶ Next, put in the places around it that are important to you. Remember to put in major landmarks, routes in and out, resources (such as shops, parks, schools, churches or cinemas) and drawbacks (such as waste tips, or a dangerous pond)

Questions to consider:

What do you feel are the most important features of a community?

What is the best thing about living in your community?

What rights and responsibilities do you have in the school community?

Example: My community by Patricia from Cuba

Key	health clinic
	market
	park
	secondary
	school
	taxi
	baker's shop
	bus stop
	bus
	bookshop
	cinema
	primary
	school
	chemist
	bar
	building
	Business centre
	a restaurant
	called the
	Terrace of
	Cojimar
	the sea shop

Example: Our community by children from Peru

Key

gancha pitch

mercado market

mi casa my house

cementerio cemetery

pista road

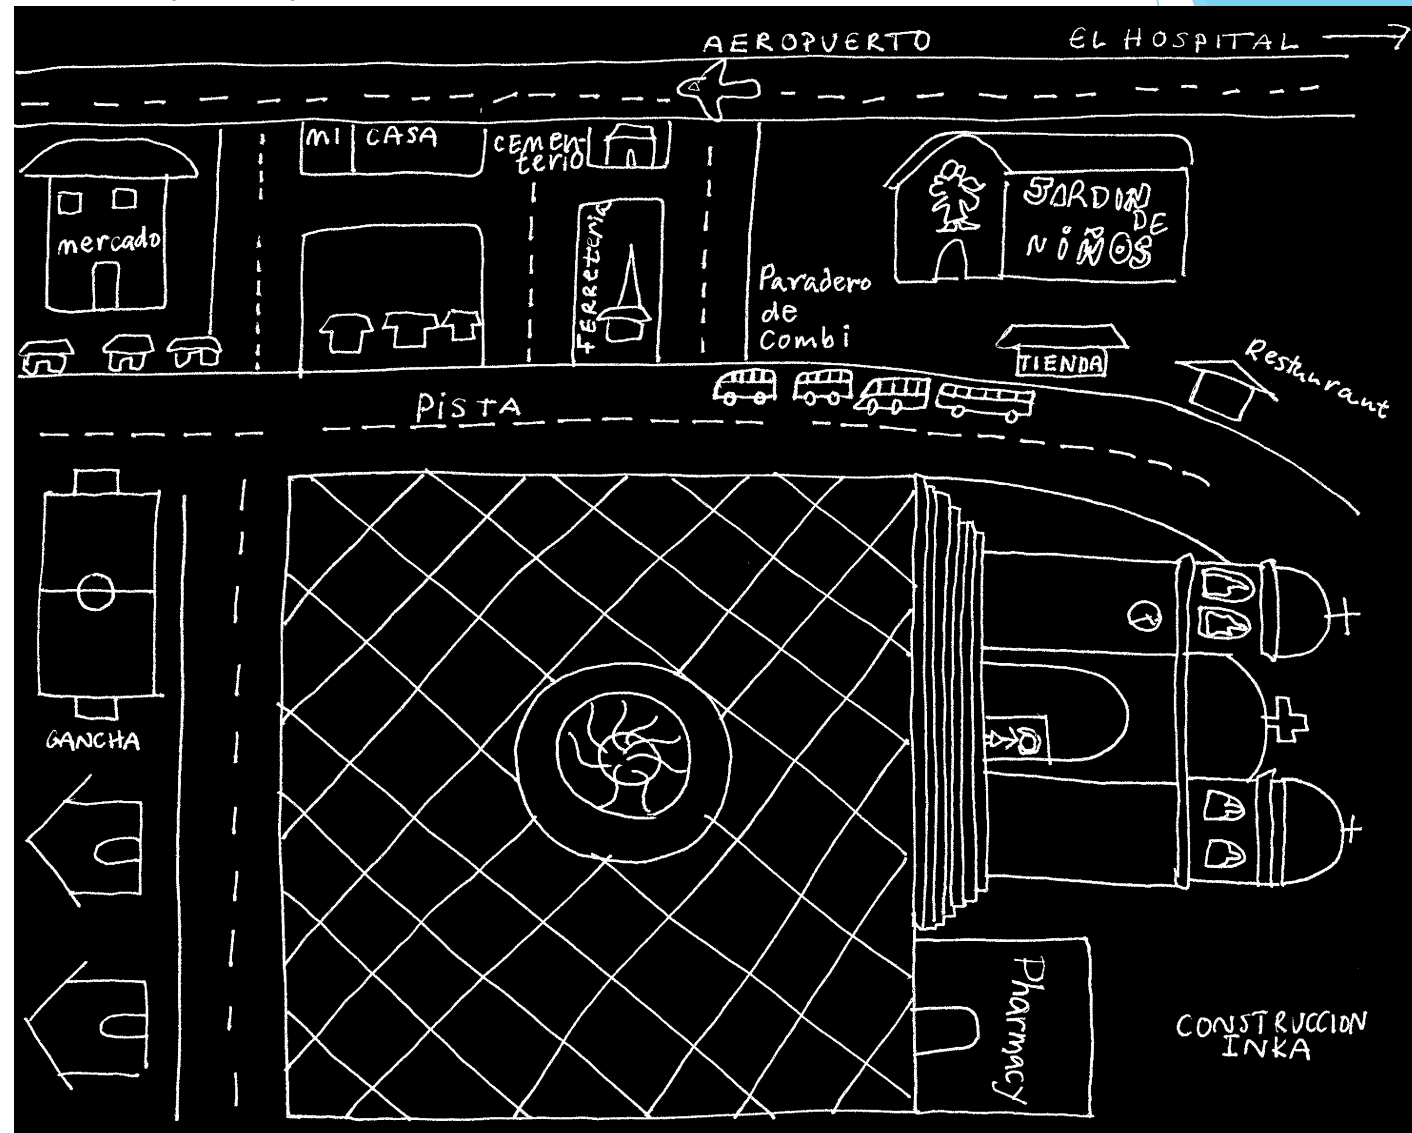

ferreteria ironmonger

tienda shop

jardin de niños playground

paradero de combi bus stop

Construcción Inka Inca site

1. Match the places with the words. Write the correct letter in the circle.
