

Transition to year 2

Well done for all your hard work and commitment with the home learning in these challenging times. During the summer break, you will no longer be expected to complete the daily home learning tasks. Each year group will be provided with an optional summer project which you can take part in if you would like to. We look forward to seeing your projects when we are back in school after the summer holiday. Your project theme will be 'The Great Fire of London' something we have already learnt about in the autumn term.

You will need to make a 3D scene/snapshot of London at the time of when The Great Fire of London took place. You can use every day object around your house to make the model.

Below are some examples that you can use to help you. Have Fun!
