

# Making sculptures from recycled materials

## Summer 2, Year 6

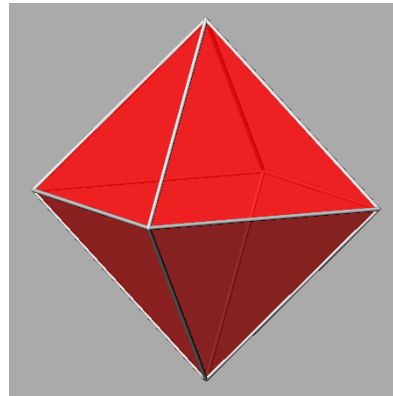

Week 2  
(08.06.20)

### Drawing 3D shapes

This week, we're continuing with our sculptures theme but by practising drawing 3D shapes. Watch this YouTube video for step by step instructions on how to draw so simple 3D shapes.

[https://www.youtube.com/watch?v=\\_XJ1A5io8vc](https://www.youtube.com/watch?v=_XJ1A5io8vc)

**Challenge: can you work out how to draw a more complex 3D shape? For example, can you draw an octahedron?**

Week 3  
(15.06.20)

### Drawing and shading 3D shapes

Start by recapping your learning from last week and practising drawing some 3D shapes. Re-watch the YouTube videos if you need to.

This week, we're going to learn how to shade our 3D shapes. Watch this YouTube video for step by step instructions on how to do this.

<https://www.youtube.com/watch?v=DCyJ1LMTzxk>

For more challenging shading and for an extension, try this video:

<https://www.youtube.com/watch?v=vMr6eimcolc>

**Challenge: draw 2 or more 3D shapes together to create a new 3D shape. E.g. put a tetrahedron on top of a cube. Can you shade in your new creation?**

Week 4

### Designing sculptures

(22.06.20)

This week you're going to design your own art sculpture. To make it, you will only be using recyclable material so you will need to keep this in mind. Below are some examples of finished recycled art sculptures - you can use these for inspiration.

RECYCLED ART SCULPTURES

When it comes to designing your own sculpture, remember it is only a sketch! Therefore, it'll look something like below:

Week 5  
(29.06.20)

**Constructing sculptures 1**

For the next two weeks you're going to be constructing your sculptures. Look at your design to remind yourself of what you

	<p>need etc. before starting. It's okay if, as you go, you adapt and change things! This is a normal part of art and design.</p>
<p>Week 6 (06.07.20)</p>	<p><b>Constructing sculptures 2</b> Continue working on your sculpture, making any improvements. You could ask a family member to evaluate your sculpture and see if they have any ideas for improvements.</p> <p>Take pictures of your sculpture and send them to <a href="mailto:uks2@northbeckton.ttl.academy">uks2@northbeckton.ttl.academy</a></p>
<p>Week 7 (13.07.20)</p>	<p><b>Assessing and evaluating</b> This week we'd like you to write a paragraph that evaluates your sculpture. Write about:</p> <ul style="list-style-type: none"> <li>• What went well</li> <li>• What was a challenge</li> <li>• What you would do differently next time</li> <li>• How your sculpture is different from your original design</li> </ul>
