

## A graph to show children's favourite sports

1. How many children liked rugby and cricket the best?
2. What is the total number of children who like tennis and swimming the most?
3. What is the sum of children who like netball and football?
4. What is the total of the two most popular sports?
5. What is total of the two least popular sports?

### Challenge

How many children prefer sports played with a ball?

How many children like sports played with a racquet?
