

Dear Parents,

This week I am going to share an image for you to look at with your child and you could do more P4C as a family at home. Here are some questions you could ask them:

What does this picture make you think about? Any first thoughts/ideas/themes? For example, being alone, peacefulness, freedom, fear.

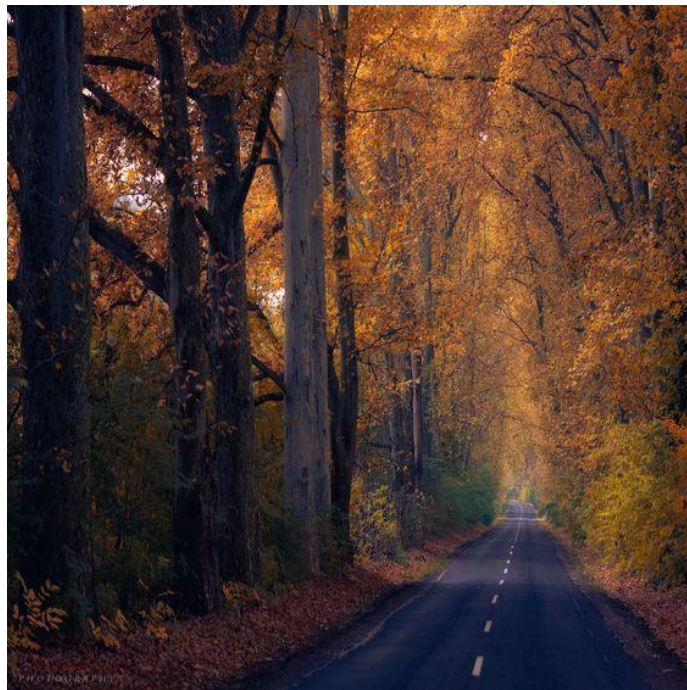

To promote discussion you could ask these question openers:

What would happen if...?

What do you predict will happen...?

Where do you think...?

Why do you think...?

Some big ideas the children may think of (although they may think of lots more) Freedom, feeling trapped.

Questions you may want to discuss: Should we stay on the same path and feel safe or chose another and not know what lies ahead?

Remember in P4C there are no right or wrong answers.
