

Religious Education

Presenting your Community

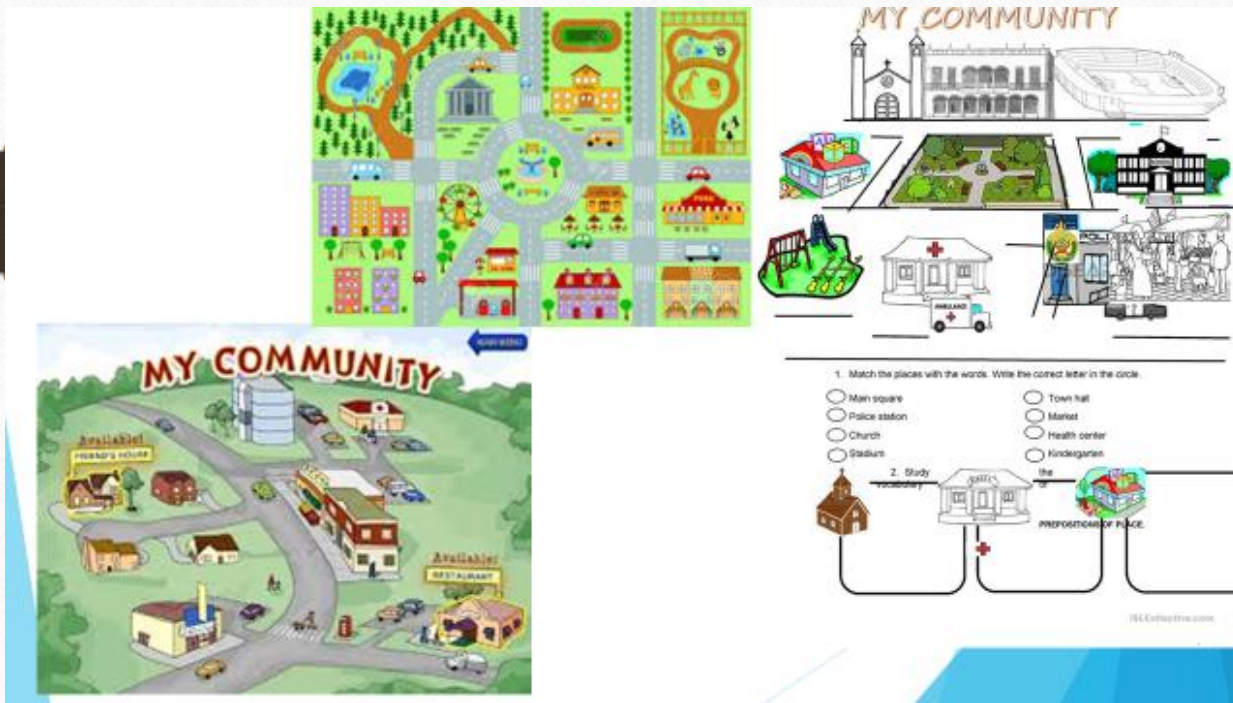

In your book

- List all of the different communities you can think of
- Write down at least 3 things that each community does together

In your book

- Draw a picture of yourself on the next page.
- Write down all of the communities you already belong to on one side.
- Write down all of the communities **YOU WOULD LIKE** to belong to in the future on the other.

Look at your Community from previous week

You have your community design. Now you will need to decide how to operate your community.

PRESENTATION TO A PANEL

Questions to answer (In your book using full sentences, or on the community design itself):

What would be your role(s) in the community?

What would your community look like?

What would it feel like?

How will your community support people with different needs?

How will you distribute the resources?

How will you come to a consensus on how the community will be organized?

What are characteristics that community members should have?

(eg: responsibility, helping others, sharing, being kind, etc)

Final thought:

How did you distribute the resources?

Why did you decide to do it that way?

Did everyone agree?

What would you do when there would be a disagreement?

Remember to upload your work to the Google Classroom!
