

Science

- This week we're looking at climate change.
- Choose one topic of climate change and make a poster about it.
- Include detail on the problem and how humans are making it worse.
- Include what humans need to do to improve the problem.
- Use this website to help you choose:
- <https://www.natgeokids.com/uk/discover/geography/general-geography/what-is-climate-change/>
