

Week beginning 29.06.20

- Log onto Google Classroom and have a look at the assigned work! Don't forget to hand in your work so that your teachers can see it! Remember your login is glued into your reading record!
- To do this Google: Google Classroom and log in
- Top Tip: You will need to put in your entire email address and not just the username like we do on the chrome books in school! For example:
username@northbeckton.newham.sch.uk
- Once you login in you should be able to access assigned work for Year 5 and if you need to you can comment and we will be able to reply.
- Work can also be accessed on the North Beckton website under 'Home Learning'. If you have trouble logging in to google classroom- you can find the work here

- This week's activities are based on revising the four operations. Follow the guidance and instructions on the each sheet and complete the activities. Some lessons also have a Power Point slide for you to make use of. If you are unsure, go onto www.mathisfun.com to find out more.
- Don't forget to go onto TT Rockstars for 10 minutes every day to consolidate your times tables!

- This week's writing task is based on poetry. The theme is water and every day there are mini spelling, grammar and punctuation challenges to help you build up to write your own poem based on water.
- Remember to read your library books for at least 15 minutes every day and to update your reading records. Let us know if you need any more library books from school. We can arrange this.
- Don't forget to go onto Spelling Shed for 10 minutes every day to develop your spellings further! I have looked at your accounts and can see who has been practising and can also create extra games for you to play to practise specific words! Please watch out for the codes which I will post on Google Classroom. Please email us on UKS2@northbeckton.ttl.academy if you need a login and password.

- This week in topic we will have a treasure hunt based on the 'natural environment.'
- In RE, we will be continuing with our unit on 'The Prophet Muhammed'. This week we will be finding out how the prophet Muhammed's words and actions affected the way Muslims lead their lives.
- In Science we will be exploring Jane Goodall and the impact she made on many chimpanzees.
- Time for Us this week has a PHSE theme and we will be exploring how headlines news can make us feel.
- In Art, we will be gathering materials to make our headdresses.
