

Week beginning 22.06.20

- Log onto Google Classroom and have a look at the assigned work! Don't forget to hand in your work so that your teachers can see it! Remember your login is glued into your reading record!
- To do this Google: Google Classroom and log in
- Top Tip: You will need to put in your entire email address and not just the username like we do on the chrome books in school! For example:
username@northbeckton.newham.sch.uk
- Once you login in you should be able to access assigned work for Year 5 and if you need to you can comment and we will be able to reply.
- Work can also be accessed on the North Beckton website under 'Home Learning'. If you have trouble logging in to google classroom- you can find the work here

- This week's activities are based on co-ordinates, reflection and translation. Follow the guidance and instructions on the each sheet and complete the activities. Some lessons also have a Power Point slide for you to make use of. If you are unsure, go onto www.mathisfun.com to find out more.
- Don't forget to go onto TT Rockstars for 10 minutes every day to consolidate your times tables!

ENGLISH

- This week's writing task is to write an explanation text, based on Volcanoes. We have already learnt about volcanoes this year, so hopefully you can still remember bits and pieces! But there is a PowerPoint with a different activity every day, building up to writing the explanation text on Thursday. Friday's task is to consolidate your knowledge by reading and answering some questions!
- Remember to read your library books for at least 15 minutes every day and to update your reading records. Let us know if you need any more library books from school. We can arrange this.
- Don't forget to go onto Spelling Shed for 10 minutes every day to develop your spellings further! I have looked at your accounts and can see who has been practising and can also create extra games for you to play to practise specific words! Please watch out for the codes which I will post on Google Classroom. Please email us on UKS2@northbeckton.ttl.academy if you need a login and password.

- This week in topic we are exploring how the Incas built Machu Picchu.
- In RE, we will be continuing with our unit on 'The Prophet Muhammed'. This week we will be finding out how Muslims treat the Qur'an.
- In Science we will be continuing with our new plants looking at part 2 of the lesson.
- Time for Us this week has a P4C focus - we will be exploring the topic 'freedom'.
- In Art, we will continue to plan our own headdresses using a scrapbooking style.
