

Forestry England

Make a leaf rubbing!

You will need...

- Some paper
- Wax crayons or pencils
- Leaves

How to create your picture

- Collect as many leaves as you can from **your garden or local greenspace**
- Take your first leaf and place it with its bottom side up
- Place a piece of paper over the leaf
- Use your pencil or crayon to rub over the leaf
- Then do the same with the next leaf - perhaps overlap each one to create a lovely picture

Have a go at making your own leaf rubbing

Take a picture of your leaf artwork and share it using **#TreeExplorer**
