

Transition to Year 1 Summer Project
Changing childhoods
Toys in the past and present

Well done for all of your hard work at home and at school. It has definitely been a strange and unusual time for us all. During the Summer holidays, there will be no more home learning tasks that you have to complete however there is an optional summer project that you can take part in. If you choose to do it, please bring your completed project into school in September and we look forward to seeing them all.

The Project

- ❖ What is your favourite toy? What was your grown up's favourite toy?
- ❖ Did you know that toys have been around from ancient civilisations to the present day?
- ❖ For this project we would like you to explore all of these different toys and how they have changed. You can talk about what materials it is made out of and describe what it looks like.
- ❖ You can present your final piece of work in these ways.
 - A book or a poster giving information about toys from the past compared to a toy in the present.
 - A giant timeline like the one shown below with a picture and some information about each toy.
 - Make a toy from the past with an information poster to accompany it.
 - Good luck, have fun and stay safe!
