

Follow the instructions below to create your own collage based on our art topic of Hokusai.

People around the world are turning our rubbish into something beautiful!

We are going to be starting to practice making a recycled collage.

What is a collage?

a piece of art made by sticking various different materials such as photographs and pieces of paper or fabric on to a backing.

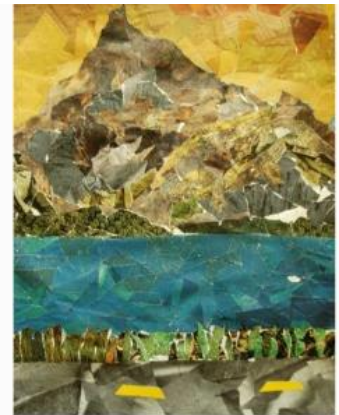

We are going to be using recycled materials to make our art.
What things do you think we need to consider when making your collage?

Small pieces

Colour coordinated

No gaps

1. Plan what your collage is going to look like.
What are you going to include? Mountains? Hillside? Lake? sky?
2. Think about what colours you are going to need and find the desired colours from your recycled materials
3. cut materials into small pieces and sort them into colours!
4. Draw your landscape using pencil first!
5. Start to stick your recycled materials onto your drawing!
