

YEAR 3 - Week Beginning 23.3.20

- Our spelling learning this week was looking at homophones - can you find any pairs of words that sound the same but are completely different? Write the definition and see if you can write some sentences which contain both words.
- Use your knowledge of letter writing to create your own letter of complaint to Miss Helm about having to continue with your school work even if the school is closed!

- We have been looking at angles this week and starting to identify the different types of angles. Complete the worksheet on Angles that is in the Year 3 area
- Don't forget to practice your Times Tables (3,4,6,8 in that order) - You can test yourself with the sheets in the generic resources section

Animals (including Humans).

- We are planting sunflowers as part of our Edible Playground project. How tall is the tallest Sunflower ever recorded? Do some research online - what do we use sunflowers for? Make a list of all the things that we use them for. Draw a picture of a sunflower and label all the parts.

Geography: Countries of the World. Think of a country that is important to your family. Research some information about that country and create a fact file. Draw the flag of that country underneath your writing.

<https://www.cia.gov/library/publications/the-world-factbook/>

RE: Pupils will be learning all about the Sikh religion and their beliefs. Create a poster in your books about the 5 K's - write a short explanation of why each item is so important to people who practice Sikhism.

Computing: Purple Mash: Use your log-in to explore all the games available. How many levels can you complete independently in the Coding section?

ART: Vincent Van Gogh was famous for painting pictures of sunflowers. Find a picture of the sunflowers he painted and recreate your version in your books. Write a short biography of his life. What are the Top Ten Facts you need to know about him?

DT: Create a healthy sandwich at home. What are the ingredients you need? Write a set of instructions of how to make it.

Chess

Use the free online chess apps to practice your moves and learn how to beat your friends when you return. Chess Prime 3D is a good example of one you can use or if you have a board at home, challenge your parents to a game.
