

- Log onto Google Classroom and have a look at the assigned work! Don't forget to hand in your work so that your teachers can see it! Remember your login is glued into your reading record!
- To do this Google: Google Classroom and log in
- Top Tip: You will need to put in your entire email address and not just the username like we do on the chrome books in school! For example:  
username@northbeckton.newham.sch.uk
- Once you login in you should be able to access assigned work for Year 5 and if you need to you can comment and we will be able to reply.

- Complete the Angles activity to consolidate on our learning of angles this year.
- There is a list of different times tables games to have a go at!
- If you complete these there are extra maths challenges! One challenge is adding decimals and the other is the mystery of the contaminated chocolate!
- Go onto TT Rockstars for 10 minutes every day!

- This week's writing task is to create a report based on the effects of plastic pollution in our environment. In the build-up to this report there are different spelling, vocabulary and punctuation challenges, which you can then use in your report. All of this we have learnt this year already, but if you are struggling you can use BBC Bitesize to recap!
- The reading activity is to read the text 'Counting' and answer the skill-based questions. Think back to our Reading lessons when answering the questions. What skill is this? How can I apply it?
- Remember to read for at least 15 minutes every day and to update your reading records.
- Complete the handwriting activities

- Had we of been in school, this week our topics would have changed! This term our new topic is South America and we will be setting different activities for you to try at home!
- To find out where in the world South America is - the first topic activity is to find out where South America is and locate the countries and capital cities.
- The first project is for DT to make a carnival costume made out of a bin bag and other household items to decorate! If you follow the instructions on the word document, you will find instructions of what to do! We are looking forward to seeing some of your creations!
- Our new science topic is 'Animals including Humans.' Your first task is to research and create a poster about one of the places you'd love to visit.
- Time for Us and RE - mindfulness and thankfulness activities. Follow the instructions on the word document.
