

*What makes me
special
and different?*

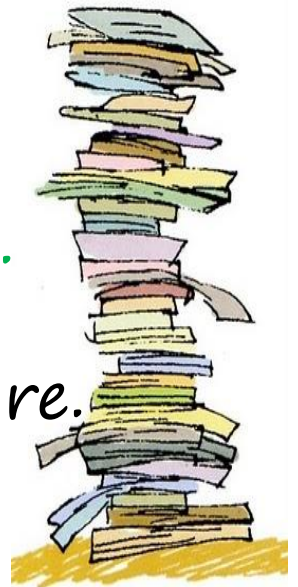

We have been thinking about how we are all special and **UNIQUE**.

Today we are going to think about all those things that make us **special** and **different** from everyone else.

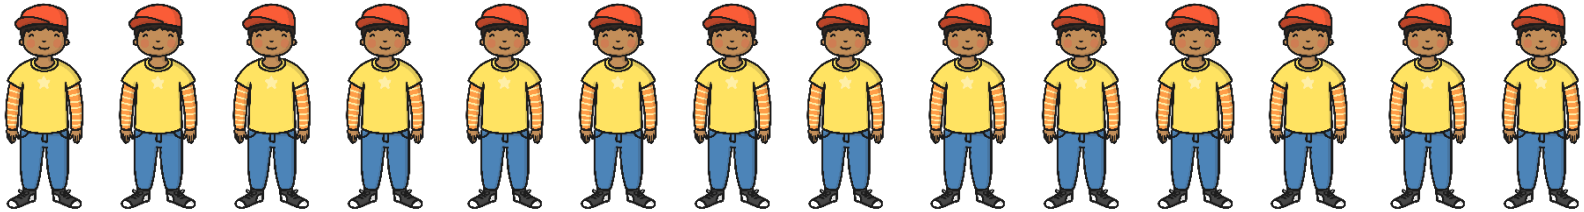

Around the room you will find little piles of pictures. Some of them will suit you and some of them won't!

When you look at each one, think to yourself: **"Is that about ME?"** If it is something you like doing or something that describes you, take a picture. It doesn't matter if it's a boy or girl.

If it is **NOT** about you, then don't take a picture. **Only collect pictures which are about YOU!**

- If we all looked the same, we wouldn't be able to see who was who!

If we all liked the same things we would all fight over what we wanted!

Fortunately we are all different.

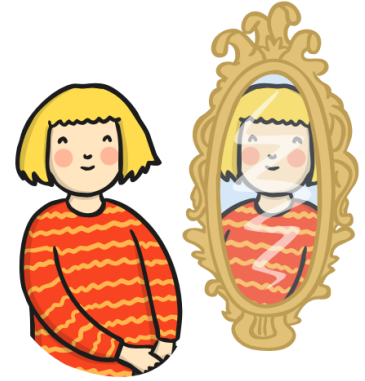

We might want to be someone else but we are who we are.

- Each one of us is different. Even if we do look a little like our brother or sister or share likes and dislikes with our friends.

What about you?

What makes you special?

What makes you unique?
