

PAPER PLATE / HAND PRINT SUNSHINE ART

Instructions:

Start by painting the paper plate and leave to dry.

In the meantime, trace around your child's hand onto the three colours of construction paper. You will need about 12 handprints. A mixture of colours looks great but you could just use yellow if you prefer. Cut out the handprints.

Use the black marker to draw a cheerful face on your sun. If you are using a permanent marker, you should supervise this bit carefully!

Now turn the sun over and stick the handprints around the edge to form the rays.
