Bling 4.8  
Centimetres Wide

£4.00

Colour It! A4  
Bright Coloured  
Paper 20 Pack

£1.80

Tacky Glue 60ml

£1.00

## How to make

### Step 1

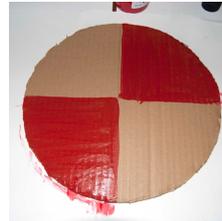

Find something round to draw around, like a large plate or mixing bowl and place it on your cardboard box. Draw around it and cut it out. Mark out the four sections of your shield... [Read more](#)

### Step 2

Paint two opposite corners of your shield with the paint.

### Step 3

While the paint is drying, take your egg box and cut out one of the raised sections – this will form the centre 3D part of your shield. Cover it in silver Duck Tape.

### Step 4

Stick duck tape along the centre lines of your shield so it divides it into four sections. Then stick duck tape around the edge. You will need to cut lots of smaller lengths of ... [Read more](#)

### Step 5

With the glue, stick your egg box piece onto the centre of your shield.

### Step 6

Choose some coloured paper and cut out four small circles. Draw a little spot in the middle of each with your pen. Stick the circles on each join around the edge of the shield.<... [Read more](#)

## Step 7

Now you need to make a handle for your shield. Cut a strip of cardboard and using sellotape fix it to the back.
