North Beckton Primary School wins national awards for performance

North Beckton Primary has been recognised nationally for its excellent results in 2018, based on data from the Department for Education and Ofsted, analysed by SSAT, the Schools, Students and Teachers network.

North Beckton was found to be among the best performing primary schools in the country, and has enabled pupils' attainment at both expected and higher standards at KS2 in Reading, Writing and Maths to be in the top 10% of all schools nationally.

It has also enabled pupils to make progress in Reading, Writing and Maths which is significantly higher than the national average at KS2, and is among the top 10% across all schools nationally.

The SSAT Educational Outcomes database compares all state-funded schools in England. Only the highest performing schools are awarded SSAT Educational Outcomes Awards. North Beckton Primary School will be presented with their award during the summer term at a ceremony attended by winners from across the region.

Sue Williamson, Chief Executive of SSAT said:

"I am delighted that North Beckton Primary School has won an Educational Outcomes Award for Children's Attainment - top 10% and Children's Progress - top 10%."

"This recognises one important aspect of the school's work but at SSAT we believe an outstanding school has deep social justice at the heart of its plan; it subjects that plan to constant challenge and innovation; and it liberates teachers to perform brilliantly in the classroom."
