

Dear Parents/Carers,

We have had a busy, albeit cold, week including having our first lessons in the Edible Playground. We have learnt about the different types of plants we are going to grow and also about how to make sure we look after everything properly. We have also re-launched our lunchtime activities programme so that the children have a variety of things to choose from during this time. Please remind your children that we do have an indoor 'chill and chat' space at lunchtime so if they want to be inside, this is the best place to go. Our after school club programme has proven to be very popular again and please come and speak with Mr Mansuria, in the school office, if you have any questions about that.

Thank you for your continued support as we move together in partnership.

Regards, Ms Helm

We continue to have our Friday celebration assemblies to reward positive learning, excellent attendance, Pobble champions and other things that have happened that week. This is an excellent opportunity to celebrate our achievements together.

LUNCHTIME STAFF NEEDED

We are looking to recruit more staff to work in the school as Lunchtime Supervisors. This is from 11.45am—1.15pm five days a week. If you are interested in applying for this role, please come and speak to Mr Mansuria in the school office, who will be able to give you an application form and answer any questions that you might have. The most important part of this form is the personal statement section so please make sure you complete this part if you are applying.

Edible Playground Open

As I'm sure you have seen when in the playground, our Edible Playground has now been fully built and is ready for planting. We have had our first lessons out there this week so that we can start to understand how to be amazing at growing different plants and vegetables. Please come and have a look when you are in the playground before or after school.

It is not appropriate and not acceptable to approach the other child in the playground directly.

Thank you.
