

**YEAR 4 - Week Beginning 23.3.20**

- Our spelling learning this week was looking at words that belong to the same families 'phon' and 'real'. Some examples are 'microphone' and 'reality'. Can you think of other words that belong to each family? Make a list for each family above and use each word in a sentence.
- Use your knowledge of newspaper writing to create your own newspaper article of the events that happened in 'Thors'day Thursday' (Chapter 10 of 'How to train your dragon'.)
- Read the 'Viking Myths' comprehension in the Year 4 reading area. Answer the questions using evidence from the text.

- We have been looking at fractions and decimals this week. Complete the worksheet on fractions that is in the Year 4 area. Use your book to write your answers in.
- Don't forget to practice your Times Tables (6, 7, 8 in that order)

**Living things and their habitats**

- We have been learning about vertebrates and invertebrates. Look at the information sheets in the Year 4 Science area. Create a classification key for invertebrates using the example in the Year 4 area to help you.

**Geography:** The Vikings. The Vikings settled in many European countries and in some other countries around the world. Think of a country that is important to your family. Research some information about that country and create a poster persuading someone to visit. Remember to include lots of facts, power of three, alliteration and expanded noun phrases.

**RE:** Pupils will be learning all about 'What makes me the person I am?' Create a fact file about yourself.

**Computing:** Purple Mash: Use your log-in to explore all the games available. How many levels can you complete independently in the Coding?

**ART:** Sculptures. Design your own dragon sculpture in your book using lots of detail. Label each feature and the colours you would use.

**DT:** Structures. We built a longboat structure last half term. Think about your local area and design a structure you would make that would be helpful to the community. Label parts of the structure and explain what it will be used for.

**PE**

Go on to YouTube. Type in '5-a-day exercise.' Follow the steps on the video to get your daily exercise in.
