

Year 3 & 4 Philosophy for Children

This week, I am going to share a image for you to look at with your child and you could do some more P4C as a family at home. Here are some questions you could ask them:

- What does the picture make you think about? Any first thoughts/ideas/themes (You could share what it made you think about too!) E.g. friendship, kindness, difference
- Could you think of a question about one of the ideas/themes that the book made you think about? E.g. Can you be friends with someone that is different to you?

Then you could have a chat about the question you chose together, the one you think you will have lots to talk about together.

Here is your image: Friend or Foe?

Some big ideas the children may think of (although they may think of lots more):
friendship, kindness, difference

Questions you may want to discuss: Can you be friends with everyone? Does being different mean you can't be friends?
