

North Beckton News

Dear Parents/Carers,

Welcome back to the Autumn 2 term; I'm hoping everyone has had a restful half-term holiday.

We are obviously continuing to be aware of the current Covid situation and it is essential that we all continue with the good practices we have developed around keeping socially distance in public spaces and lots of hand washing.

We are increasing in using GOOGLE CLASSROOMS to support our home learning (both for homework and in the case of bubble closures) and there are some videos for parents to support with this:

PARENTS' EVENING (via ZOOM)

These will be happening on Wednesday 18th and Thursday 19th November.

Please see the letter in the home-school book regarding booking an appointment.

THERE IS NO GREATER FEELING THAN SEEING YOUR CHILD SUCCEED.

PACE
PACE MARTIAL ARTS ACADEMY

Pace Martial Arts Academy, with its evolutionary core skills programme, will help your child on a pathway to success. Your child, as well as learning self-defence, will also be given the tools to succeed in life.

Our age-specific martial arts program will help maximise your child's attention span, by building upon focus; a skill that will then be apparent in other settings, such as the classroom. Both inside and out of our academy, your child will strive for a higher level of achievement. They will strengthen their self-discipline, self-respect and respect for others, attributions necessary throughout life. Your child will emerge from this programme a more well-rounded individual.

Give your child the opportunity to build their confidence. Do it today, by signing up. Make a difference and amplify their personal development.
