

School Council Presentation to North Beckton Governors

We are the new School Council for 2018-2019.

We were democratically elected.

We wanted to be school councillors for different reasons.

We have been trying hard to remember everyone's name.

We discussed the skills we think we need to be effective school councillors.

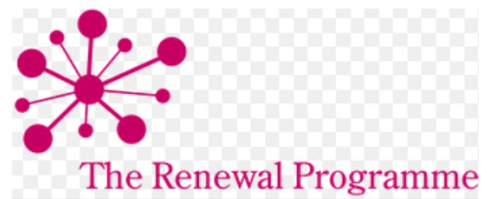

We are going to practise and develop these over the year.

We have launched our new school vision and rules this year.

We discussed the different things we would like to do as a school council.

Harvest Festival: Supporting our local food bank

Children in Need: Raising money for a great charity

DANCING

CAKES

FACE PAINTING

LUCKY DIP

BEAT THE GOALIE

COOKIE COMPETITION

Eco-projects: Including our new edible playground

The other areas we are keen to develop are:

- A School Council page on our website
- A range of sports to be played in the cage at break time (including tennis and Badmington)
- Eco Team: to help Beckton become a greener place (picking up rubbish), recycling bins in classrooms
- Homework to be available on the school website for absentees

Thank you for listening.

Do you have any questions
or anything you would
like us to focus on?
