

The Primary PE and sport premium

Planning, reporting and evaluating website tool

Updated September 2023

Commissioned by

Department
for Education

Created by

This template can be used for multiple purposes:

- It enables schools to effectively plan their use of the Primary PE and sport premium
- It helps schools to meet the requirements (as set out in guidance) to publish information on their Primary PE and sport premium
- It will be an effective document to support Ofsted inspections enabling schools to evidence progress in Physical Education (PE) and evidence swimming attainment, which forms part of the PE National Curriculum. We would recommend schools consider the Intent, Implementation and Impact of any spend, as examined within the Education Inspection Framework.

It is important that your grant is used effectively and based on school need.

Schools must use the funding to make **additional and sustainable improvements** to the quality of the PE, School Sport and Physical Activity (PESSPA) they offer. This means that you should use the Primary PE and sport premium to:

- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years
- Develop or add to the PESSPA activities that your school already offers.

The Primary PE and sport premium should not be used to fund capital spend projects; the school's core budget should fund these. Further detail on capital expenditure can be found in the updated [Primary PE and sport premium guidance](#).

The Primary PE and sport premium guidance, outlines 5 key priorities that funding should be used towards. It is not

necessary that spending has to meet all the key priorities, you should select the priorities that you aim to use any funding towards.

Although completing this template is not a requirement for schools, schools are required to publish details of how they spend this funding. Schools must also outline what the impact this funding has had on pupils' PE and sport participation and attainment and how any spending will be sustainable in the future. **All funding must be spent by 31st July 2024.**

The Department for Education has worked closely with the Association for Physical Education (afPE) and the Youth Sport Trust (YST) to develop this template and encourages schools to use it. This template is an effective way of meeting the reporting requirements of the Primary PE and sport premium.

Review of last year's spend and key achievements (2022/2023)

We recommend you start by reflecting on the impact of current provision and reviewing your previous spend.

Activity/Action	Impact	Comments
<ul style="list-style-type: none"> ● To increase the active outdoor activity time (break and lunchtime) - Key Indicator 1 ● Ensure a range of after school sporting clubs are available for all year groups - Key Indicator 1 ● To ensure good/outstanding teaching in PE is increasingly consistent - Key Indicator 3 	<ul style="list-style-type: none"> ● Equipment has been bought and placed in specific zones in the play grounds. KS1 and KS2 pupils use equipment daily during lunchtimes and breaktimes to promote physical activity. ● Every year group has run one sports club which have allowed a range of pupils across both KS1 and ks2 to improve and learn new skills. Clubs have provided experience of playing sports from cricket to dodgeball through to cycling. Pupils attending have gained new skills and learnt new games and rules. ● Learning walks and TTLT development days showed that teaching of PE is consistently good. PE team subject knowledge is good and 	<ul style="list-style-type: none"> ● To replenish sports equipment when needed and continue promote and find new physical activities. ● To provide a varied club programme next year. Encourage children who did not attend this year. ● To continue with learning walks to monitor PE delivery across the school.

<ul style="list-style-type: none"> ● SL to attend leadership training sessions in order to develop practice within PE and establish links with other schools and expertise available - Key Indicator 3 ● Provide staff meeting time, and signpost opportunities for CPD to support staff with development of subject knowledge in PE - Key Indicator 3 ● Continue to offer a wider range of activities - Key Indicator 4 ● Year 6 and 5 pupils will know how to ride their bike safely - Key Indicator 4 	<p>teachers is improving. In lessons. children are making progress pace is good and equipment is being used appropriately.</p> <ul style="list-style-type: none"> ● Leadership training sessions attended and information gained shared with all staff. ● 1 member of staff successfully completed level 5 primary specialism course. ● Team building, problem solving and orienteering opportunities have been planned into the PE curriculum. Time is given for exploratory learning which enables children to learn from any errors they have made. Year 6 pupils attended outdoor adventure residential trip to Fairplay house. Children in Year 5 attended residential trip to Lake District. ● All pupils from year 2 to year 6 have had opportunities to ride bikes. The percentage of pupils who can ride: <ul style="list-style-type: none"> Year 2 - 64% Year 3 – 75% Year 4 – 75% Year 5 – 67% Year 6 – 80% A total of 60 children have achieved level 1 cycling proficiency and a total of 60 have achieved level 2 cycling proficiency. In Reception 55% of children can ride a two-wheel bike or balance bike. 	<ul style="list-style-type: none"> ● To continue to attend leadership meetings and share information with rest of staff. ● To continue to provide CPD opportunities to all staff. ● To review curriculum and ensure it remains broad and balanced. Find opportunities to for children to experience activities in different environments. ● To continue with providing opportunities to develop cycling skills and offer level 1 and 2 bike ability awards.

Key achievements 2023-2024

This template will be completed at the end of the academic year and will showcase the key achievements schools have made with their Primary PE and sport premium spending.

Activity/Action	Impact	Comments
<p>To continue to provide more opportunities for PE staff to team teach with each other.</p>	<p>Our work with our academy trust schools has enabled a range of PE teaching staff to support each other, learn from each other and develop their own teaching. We have also used this as an opportunity for our class teachers to improve their PE subject knowledge and progress in their own PE teaching abilities, ensuring that a wider community of staff can confidently teach PE.</p>	<p>Teaching staff had taken part in a teacher voice survey that indicated that majority of our staff would prefer to team teach PE initially due to their lack of subject knowledge. This was addressed and team teaching with PE subject leads and other PE teaching staff has enabled class teachers to develop and improve their subject knowledge particularly when planning and delivering PE.</p>
<p>To further develop the engagement and excitement of pupils when in school and make the most of opportunities offered.</p>	<p>Our pupils have been involved in our development of our PE curriculum through pupil voice surveys. The curriculum has also been adapted in line with local, national and global events such as the Euros and the Olympic Games to encourage our pupils to try new sports as well as feel excited about learning new skills. All pupils are physically active throughout the week, including our pupils with Profound and Multiple Learning Disabilities (PMLD). Our PE staff have supported our staff in our resource provision to lead sessions for our pupils with PMLD.</p>	<p>Our pupils were involved in the adaptation and construction of our PE curriculum using a Pupil Voice survey. They indicated what sports they would like to learn and which skills as well as what they enjoyed about PE.</p>
<p>The profile of PE and sport is raised across the school as a tool for whole school improvement.</p>	<p>Our PE subject leads have worked towards achieving and successfully attaining a range of Quality Marks for PE, Sport and Health across the school. After intense and extensive application processes, our school has successfully been awarded a Gold Quality Mark via Youth Sport Trust, a Gold and Platinum award via School Games and a Bronze award via Healthy Schools London.</p> <p>Our pupils have seen an increase in success in our competitions throughout this academic year by winning</p>	<p>All staff members across the school were involved in the attainment of our quality marks. This ensured that all teaching staff were informed and made aware of the importance of PESSPA in schools, particularly the physical and mental/emotional benefits our pupils with experience.</p>

<p>To continue to increase success in all competitions.</p>	<p>a range of medals for bronze to gold as well as being our Spring Term League Winners in our TTLT competitions table. This has seen our pupils take part in more competitions and a much more diverse cohort of pupils have wanted to take part in our competitions.</p>	<p>We have seen an increase in success throughout this academic year which has led to an increase of pupils wanting to take part in competitions. Pupils have shared their views about what sports they would like to see in our future competition calendars to enhance their success rates. This has been considered and will be incorporated into our After School Club programme.</p>

Swimming Data

Meeting National Curriculum requirements for swimming and water safety.

Priority should always be given to ensuring that pupils can perform safe self-rescue even if they do not fully meet the first two requirements of the National Curriculum programme of study

<u>Question</u>	<u>Stats:</u>	<u>Further context</u> <u>Relative to local challenges</u>
What percentage of your current Year 6 cohort can swim competently, confidently and proficiently over a distance of at least 25 metres?	23%	We have been limited to one session per week – this was changed in April due to new ownership/management of the swimming pool. Limited pool space, only 3 pools for the borough that are currently open to the public and school swimming/water safety sessions.
What percentage of your current Year 6 cohort can use a range of strokes effectively [for example, front crawl, backstroke, and breaststroke]?	25%	Several of our pupils can perform a range of strokes effectively, however for a shorter distance.

<p>What percentage of your current Year 6 cohort are able to perform safe self-rescue in different water-based situations?</p>	<p>45%</p>	<p>Limited availability for lessons and pool access on self-rescue within a range of different water-based situations.</p>
<p>If your schools swimming data is below national expectation, you can choose to use the Primary PE and sport premium to provide additional top-up sessions for those pupils that did not meet National Curriculum requirements after the completion of core lessons. Have you done this?</p>	<p>Yes/No</p>	<p>We have limited access to local swimming pools, only 1 swimming pool in the borough is within a local distance and availability is limited.</p>
<p>Have you provided CPD to improve the knowledge and confidence of staff to be able to teach swimming and water safety?</p>	<p>Yes/No</p>	<p>Limited availability and resources to teaching swimming in a pool. CPD provided by TTLT staff to a particular member of staff that delivered water safety lessons.</p>
